Index of Authors Included in the Forty-Second Bibliography

The Roman figures followed by (1) or (2) refer to the centurial classification (Part I). Thus, Anspach, C. K., XVII(2)D means that a paper by Anspach, C. K. is listed under seventeenth century, second half, subdivision D.

The Arabic figures refer to the historical and to the systematic classifications (Part II and III) which are subdivided into sections numbered consecutively from 1 to 60. For instance, Diepgen, P., 4, 51, indicates that papers by Diepgen are listed in section 4 (Greece), and in section 51 (Epidemiology).
